We build **GREAT KIDS!**

**“So I say to you:
Ask and it will be given to you;
search, and you will find;
knock, and the door will be
opened for you.”**

- Jesus Christ

Grades: Pre-K–6th

A challenging curriculum in a safe and nurturing environment.

Philosophy & Mission

St. Mary Catholic School is different by design. With the assistance of the Pastor, Principal, staff, students, parents, and parishioners, we provide an excellent educational environment where students and teachers work together to cultivate, strengthen, and share faith, excel academically by fostering a passion for learning and personal accountability. It is our goal at St. Mary to commit ourselves to the development of the total person, spiritual and physical, moral and intellectual, individual and social, in an atmosphere filled with the spirit of Christ.

Goals

St. Mary School represents a rich tradition of Catholic education to our community that dates back to the late 1800's. Our goals include: proclaiming the message of Jesus Christ, building a community of faith, and serving God's people. A clear and unmistakable effort will be made to offer Catholic education to all who desire it.

Different by Design

St. Mary School is in full compliance with the Operating Standards for Ohio's Catholic Schools and the Ohio Revised Code. Courses of study have been developed for use in the elementary schools of the Diocese of Toledo with the support of the University of Notre Dame ACE Collaborative.

Our teachers teach the standards in each of the following subject areas: religion, language arts, mathematics, science, health, social studies, art, music and physical education.

Small Class Sizes

Our small class sizes and caring staff team sets us apart. We are proud of our dedicated and highly qualified staff team.

- Average class size: 15
- Full time teachers: 8
- Part Time teachers: 4
- Paraprofessionals: 4

Services:

Intervention, Speech Therapy, Occupational Therapy, School Counseling, Enrichment, school musicals and art shows.

Affordability

A faith-based education is within reach. No school supplies or registration fees and school uniforms reduce expenses. You may be eligible for a tax voucher for full tuition. New scholarships for full tuition based on location, not income. Many scholarships, tuition assistance and rebate programs are available to reduce tuition costs.

School Advisory Council

The School Advisory Council of St. Mary School is established to offer counsel to the pastor and principal on all matters pertaining to the school which are not decided by law or diocesan policy.

Parent Teacher Organization

Our School families are the best. PTO financially assists and supports the development and improvement of all educational programs and provides education and socialization for our parents.

We invite you to schedule a personal tour or ask questions.
We would be glad to show you why we think we have the best school.

About Us
